---

### SOCIETY'S MAGAZINE/JOURNAL

---

ATIC NEWS

In order to keep its members informed about the ongoing status of the profession, the association organises seminars, conferences, workshops...

Number of issues/year: 2

Number of copies per issue: 1000

---

### OTHER PUBLICATIONS

---

- Les Cahiers de l'ATIC
- Bundels van ATIC

## **TRAINING EVENTS/COURSES**

---

Number of training events/courses per year: 4

Total number of participants per year: 120

ATIC is the driving force behind a series of educational cycles specific to our profession of heating and ventilation. In the Belgian area, these are almost the only available educational programs in our professional field.

ATIC also organises specialised courses such as courses concerning 'solar installations' / 'BACS' / 'water quality in closed systems'...

## **CONFERENCES**

---

**National conferences per year: 2**

**Next national conference:**

Labellisation, validation des immeubles: vers quel standard en Belgique ?

When, where: March 2011, Brussels Expo

Website of the conference: [www.atic.be](http://www.atic.be)

## **RESEARCH&DEVELOPMENT ACTIVITIES**

---

The association gives financial support to different research institutions as university laboratories or other research institutions.

A privileged relationship exists between the thermodynamic laboratory of the university of Liège and ATIC. Apart from that, ATIC grants special prizes to individuals or institutions that have realised outstanding work in our field.

---

## CROATIA: HKIS

---

Croatian Chamber of Mechanical Engineers  
Hrvatska Komora Inženjera Strojarsva

Established: 2009 (continuation from Croatian Chamber of Architects and Engineers –  
Department of Mechanical Engineers)

Personal Members: 1200

Number of personnel in the office: 2

**President:** Luka Čarapović

## **SOCIETY'S MAGAZINE/JOURNAL**

---

- INSTALATORUL Romanian magazine for heating, ventilation, sanitary, gas installations  
Number of issues/year: 12  
Number of copies per issue: 4000
- FRIGO-CLIMA-Newsletter  
Number of issues/year: 4  
Number of copies per issue: 2000

## **OTHER PUBLICATIONS**

---

**Handbook for building services engineering** – 4 volumes, 2000 pages

(Volume 1: Heating installations; Volume 2: Ventilation and air-conditioning installations  
Volume 3: Sanitary, water supply and sewage installations; Volume 4: Electric and automation installations) Number distributed: 4200

## **TRAINING EVENTS/COURSES**

---

- Training courses for energy auditors, lasting 2 weeks, are organized three or four times per year.
- Training courses for project supervisors and technical experts, lasting one week, are organized two or three times per year.
- Student competition at national and international level – participation at the European final in Lausanne (Switzerland – 2005) and Helsinki (Finland - 2007)

## **CONFERENCES**

---

- National conferences per year: 1 on Building Services Engineering, with international participation
- Next national or international conference: the 46<sup>th</sup> National Installation Conference
- When, where: Sinaia, October 20 – 22, 2011
- Regional Conferences: 4 regional conferences per year (Timisoara, Cluj Napoca, Iasi, Bucuresti)

## **RESEARCH&DEVELOPMENT ACTIVITIES**

---

The research is performed in the laboratories of the technical universities from Bucharest, Timisoara, Iasi, Cluj and Brasov. Some of the topics covered: radiation heating/cooling; cogeneration and tri-generation; re-generable energies (geothermal, solar, wind); solar cooling; testing of building services equipment.

AIIR and AGFR participate to and coordinate the elaboration of technical norms for heating, ventilation, air conditioning, sanitary, gas, electric and fire fight installations.

The two professional organizations have also prepared the sketches for the following laws:

- Law No. 325/2002 regarding the thermal rehabilitation of the existing buildings and the stimulation to spare energy;

- Law No. 372/2005 regarding the energy performance of buildings

AIIR and AGFR have participated to and coordinated the elaboration of the methodology for the computation of the energy performance of the: buildings envelope, heating

installations, ventilation and air conditioning installations, tap water installations, lighting installations.

---

## *RUSSIA: ABOK*

---

Association of Engineers for Heating, Ventilation, Air Conditioning, Heat Supply & Building Thermal Physics

Established: 1990

Personal Members: 700

Company Members/Supporters: 295

Number of personnel in the office: 14

**President:** Prof. Yuri Tabunschikov

Years: 1990-2010

[tabunschikov@abok.ru](mailto:tabunschikov@abok.ru)

**International Affairs:** Prof. Marianna Brodatch

---

### **SOCIETY'S MAGAZINE/JOURNAL**

---

ABOK Journal

Number of issues/ year: 8

Number of copies per issue: 12000

---

### **OTHER PUBLICATIONS**

---

- ENERGY SAVING Journal  
Number of issues/ year: 8  
Number of copies per issue: 12000
- SANTECHNICKA (Sanitary Equipment) Journal  
Number of issues/ year: 6  
Number of copies per issue: 10000

## **TRAINING EVENTS/COURSES**

---

Number of training events/courses per year: 25

Total number of participants per year: 2500

## **CONFERENCES-CONGRESSES**

---

Next national or international conference: MOSCOW - ENERGY EFFICIENT CITY & MEGAPOLIS ENERGY

When, where: *October 25-28, Moscow*

Website of the conference: [www.abok.ru](http://www.abok.ru) ; <http://www.meeg-avok.ru/>

Annual Conference and trade fair: MOSCOW - ENERGY EFFICIENT CITY (*October*)

Annual International symposium: MEGAPOLIS ENERGY (*October*)

Annual Conference: Intelligent Buildings: "Building Automation and Control Systems" (*December*)

Annual European symposium: Modern HVAC systems (*April*)

Annual Seminar: Efficient systems of Heating, Ventilation, Air Conditioning and Heat Supply (*April*)

Annual Seminar: Software for HVAC systems (*February*)

Annual Seminar: HVAC Design and standards (*April*)

## **RESEARCH&DEVELOPMENT ACTIVITIES**

---

- Technical and economic estimation of energy saving activities effectiveness while conducting capital repairs of apartment buildings in Moscow
- Mathematical modeling and optimization of energy saving buildings as uniform energy system. RFFI Grant 08-08-13604
- Scientific studies according to RAASN Grant for young scientists, topic 'Development of the scientific basis for technical and economic estimation of energy saving activities effectiveness while building and reconstruction of buildings'
- Safety of a building in terms of extraordinary influence on air-conditioning, heat and energy supply systems
- Design of air-conditioning systems of high-rise energy efficient buildings considering the energy impact of the ambient climate
- Etc

### SOCIETY'S MAGAZINE/JOURNAL

---

TVVL Magazine

Number of issues/ year: 12

Number of copies per issue: 3500

### OTHER PUBLICATIONS

---

Reports issued by TVVL's Technology Council

### TRAINING EVENTS/COURSES

---

Number of training events/courses per year

Total number of participants per year: 200- 300

TVVL courses, most of them on post-bachelor level:

- Air-treatment
- Noise

- Sanitary systems
- Negotiating
- Commissioning
- Air-treatment in special spaces
- Working conditions for Health & Safety officers
- Integrated design
- Building engineering for engineers in building services
- Building physics for electrical engineers.

## **CONFERENCES**

---

Next national or international conference. When/ where:

- National Sanitary congress, June 21, 2011 / Amersfoort
- During TVVL's Gen. Assembly, April 1, 2011 / Radio Kootwijk

Website of the conferences, see: [www.tvvl.nl](http://www.tvvl.nl)

Approx. 6 national TVVL conferences/year and approx. 50 regional events

## **RESEARCH&DEVELOPMENT ACTIVITIES**

---

Recent studies worked on:

- Phase change materials
- Biodynamic lighting
- no-mix toilets
- prevention of legionellae in fountains
- REHVA dictionary
- alternative techniques on prevention of legionellae
- drinking water installations in high rise buildings
- 'performance assurance' of HVAC installations
- soundproofing of sanitary installations
- BIM
- Integrated design
- Power Quality
- Commissioning

PS: Mostly studies are carried out with other parties/ institutions in The Netherlands (TNO; ISSO; KIWA; Uneto-VNI and others)

---

### SOCIETY'S MAGAZINE/JOURNAL

---

CIBSE Journal

Number of issues/ year: 12

Number of copies per issue: 21,000

### OTHER PUBLICATIONS

---

- Building Services Engineering Research & Technology : a quarterly journal of engineering practice and research papers
- Lighting Research & Technology: A quarterly journal of engineering and research papers on lighting design and applications only.  
Both are peer reviewed Journals with Impact Factors

- GUIDES and other Publications: CIBSE publishes a wide range of design guides and other publications relating to building services engineering, and through its mail order service sells related publications from the Building Services Research & Information Association, ASHRAE and so on. A catalogue of all these publications and information on how to order can be obtained by visiting [www.cibse.org/publications](http://www.cibse.org/publications).

## **TRAINING EVENTS/COURSES**

---

Number of training events/courses per year: CIBSE Training runs around 100 events a year  
Total number of participants per year: over 4,000

## **CONFERENCES**

---

National conferences per year: 1 recently held, technical symposium to be held in September

Next national or international conference: 6/7 September 2011

When, where: Leicester

Website of the conference: see [www.cibse.org](http://www.cibse.org)

CIBSE provides a full programme of approximately 150 lectures, conferences, courses and seminars each year. It's main conference is usually held in April each year with some 300+ delegates attending.

## **RESEARCH&DEVELOPMENT ACTIVITIES**

---

CIBSE carries out a range of research and development projects in support of its publications development activities.
