

CROATIAN CHAMBER OF MECHANICAL ENGINEERS
IS INVITING YOU TO ATTEND

5th INTERNATIONAL CONGRESS MECHANICAL ENGINEERS DAYS

VODICE - HOTEL OLYMPIA
29 - 31 March 2017

THE PROGRAM OF THE CONGRESS

LEGISLATIVE REGULATION IN CONSTRUCTION

Wednesday, 29 March 2017

- legislative regulation in construction; public procurement; EU funds
- study programmes, and professional and scientific development – learning outcomes of mechanical engineers; standard occupations in the field of mechanical engineering
- applicable connection of science and engineering in the economy; needs, suggestions, limitations
- project management; FIDIC Contracts
- BIM design
- presentation of completed projects of the more significant buildings - Case Study

ENERGY EFFICIENCY

Thursday, 30 March 2017

- EU project PROF/TRAC
- nZEB buildings (nearly zero-energy buildings)
- energy efficiency in buildings,
- energy efficiency in industry (process industry, energetics, ...)
- energy efficiency audits of large companies
- building energy renovation programs and funding models, EU funds
- green building and energy efficiency projects

ENERGETICS

Friday, 31 March 2017

- renewable energy sources (biogas plants, biomass-fired cogeneration plants, geothermal energy sources, photovoltaic systems, ...) and applications in process and manufacturing industry
- management and treatment of waste (sorting waste, incinerator, ...)
- big power plants (Thermal power plants, Hydro power plants, ...) and the sustainable development
- water treatment technology in the service of sustainable development (classical and modern technology of processing drinking, technological and waste water treatment in the service of sustainable development, ...)
- supporting structure of energy equipment (boiler, economiser, air filters, pipelines etc.); steel tanks, chimneys, flue and air ducts, silos, pipelines and pipeline bridges and other engineering structures
- the pressure equipment
- application of energy plants in process and manufacturing industry
- advanced technical solutions, heating and cooling systems, efficiency and cost effectiveness

CALL FOR PAPERS

Authors are invited to apply with their papers on the thematic areas of the Congress

THE APPLICATION SHALL INCLUDE:

- first name (s) and surname (s) of the author,
- the name of the company/institution of employment the author, address, and contact information (phone, e-mail),
- the title of the paper in Croatian and English,
- Summary in attachment (made by following instructions below).

Applications should be submitted by e-mail to info@hkis.hr.

The papers will be accepted by the Program Committee based on the abstracts submitted. The Program Committee shall review the papers and make its decision on the papers that will be accepted. Three papers with best review of the Program Committee (from each thematic area) shall be presented to the Congress participants after the presentations of the invited speakers. Other papers will be presented as posters and full papers will be published in the Congress Proceedings, and Congress Proceedings will be available in printed and electronic format.

IMPORTANT DATES:

Paper application	30 November 2016
Notification on paper acceptance	10 December 2016
Submittal of papers for the Proceedings	31 January 2017
Submittal of presentations	15 March 2017

REMARKS:

- An author or a leading author (in case of several authors), is approved 50% discount on registration fee regardless of a number of papers submitted.
- The papers should be a technical/scientific contribution to the thematic area and must not serve as a promotion of a particular product, service or company. The papers shall not contain visible logo of any company or descriptions of a specific product, service or a range of company products. The Program Committee reserves the right to reject any papers it considers could serve for advertising of a product, service or company.

INSTRUCTIONS FOR WRITING THE SUMMARY:

- Summary should contain 250 to 300 words with the featured 5 to 6 key words,
- should be written in MS Word for Windows (files in .doc, .docx format), font: Times New Roman, size: 12, line spacing: 1.5, margins (up, down, left, right): 2.5 cm,
- should contain information about the author: first name (s) of the authors of the summary, the title, the full official name of the company/institution of employment the author, address, and contact information (phone, e-mail),
- should contain the title of the paper, a brief description of the topic and purpose of the work, a description of the access process topics, a list of the major issues that will be processed in the entire work,
- Summary and key words should be written in Croatian and English language.

PARTICIPATION IN THE CONGRESS

Professional development training

Participation in the work of the Congress is a thoroughly professional education that are valued in accordance with the [The regulations](#) about the training persons of mechanical engineering profession (9 September 2016).

Deadline and how to apply

Applications for participation in the Congress will be accepted **up to 28 February 2017**

The Congress applications are to be submitted by on-line application at <http://www.hkis.hr> or on the Application Form to e-mail kongres@hkis.hr.

I Registration fee for participants in the Congress

The price of the registration fee for the participation at the Congress costs **HRK 1,590.00 +VAT (total HRK 1,987.50)**, and includes a place in the hall during all lectures, proceedings in print and electronic form, promotional material, welcome cocktail, lunch (2 x) and dinner (2 x) for the entire duration of the Congress, and drinks in the breaks between the lectures.

II Registration fee for accompanying persons

The price of the registration fee for accompanying persons amounts to **HRK 1,000.00 +VAT (total HRK 1,250.00)**, and includes a welcome cocktail, lunch (2 x) and dinner (2 x) for the entire duration of the Congress.

For registration and payment of registration fees (I and II) to 31 December 2016 will be granted a discount of 10%.

The confirmation of the payment of the registration fees (I and II) cater to the email address uplatekongres@hkis.hr.

Accommodation

The registration fee do not include accommodation. The accommodation at the [Hotel Olympia](#) ★★★★★ can be realized via the travel agency Dubrovnik Sun by price:

Room (bed and breakfast)	The price of the rooms (per person per day)	Tourist tax (per person per day)
Double room	HRK 310.00	HRK 7.00
Single room, solo use	HRK 420.00	

PROMOTION OF COMPANIES AND INSTITUTIONS

During the Congress

companies and institutions have the option of promotion as follows:

- **Congress Partner: Golden Partner; Silver Partner,**
- **Written presentation in the Congress Proceedings,**
- **Exhibition area use,**
- **Exhibition area use and presentation in the Congress hall,**
- **Dissemination of advertising materials for the duration of the Congress,**
- **Company logo and name printed in the Proceedings and the Congress screen.**
