

REHVA

FEDERATION OF EUROPEAN HEATING, VENTILATION AND AIR CONDITIONING ASSOCIATIONS

About us

REHVA represents over 120,000 HVAC designers, building services engineers, technicians and experts across 25 European countries. REHVA is dedicated to the improvement of health, comfort and energy efficiency in all buildings and communities, acting as the voice of the European building services engineers.

REHVA provides a strong platform for international professional networking, cooperation and knowledge exchange, contributes to technical and professional development and follows EU policy developments. REHVA cooperates with partner associations beyond Europe to promote European Standards, engineering knowledge and European HVAC products globally.
