### The European portal for energy efficiency in buildings

**I am a BUILDING PROFESSIONAL**

**I work for a PUBLIC AUTHORITY**

**I am a BUILDING OWNER or a TENANT**

**Discover in BUILD UP:**

- Find pragmatic tips on [how to reduce the energy consumption of your home...](#)
- Have direct access to the [legislation of your own country or region...](#)
- Locate [energy centres](#) for focused advice in your surroundings...

[Learn more](#)

Welcome to **BUILD UP**, the European web portal for energy efficiency in buildings. Regardless of your level of expertise, we encourage you all to share your valuable knowledge on how to cut energy consumption in buildings. Let's work together towards cleaner and greener European buildings for the future.

**HIGHLIGHTED CASE**  
**Home for Life**

Home for Life produces more energy than it consumes. With an energy surplus of 9 kWh/m<sup>2</sup>/year, it takes approximately 40 years for the house to generate the same amount of energy that was used to ...

**Energy Performance of Buildings Directive Community**

**What's new in BUILD UP!**

# Communicate via the virtual Communities!

**Virtual Communities aim at gathering members with common interests**

## *Why?*

- **Interact with your peers**
- **Learning from each other's common interests**
- **Get known by others with similar interests**
- **Have a place for discussions**
- **Identify specific events, news, publications**
- **Create your own newsletter with focused information**

It works pretty well!

***“Visitors can search for reliable information on energy efficiency without knowing that the source is the BUILD UP portal. Our members appreciate this service.”***

*Olli Seppänen, Secretary General REHVA*

REHVA

Federation of  
European Heating  
and Air-conditioning  
Associations

It works pretty well!

*“My BUILD UP embedded page helps disseminate the latest news and cases among all experts in the EU, including our members.”*

*Ann Van Eycken, Assistant Secretary General ES-SO*

*Energy Savings & Comfort*

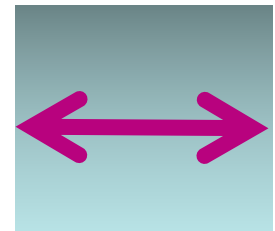

## Eligibility criteria

- **Minimum technical requirement:**

Website > 675 pixels width

- **European / national associations in the field of energy efficiency in buildings**

- **Private companies linked to a BUILD UP Partner (e.g.: REHVA, etc.)**

# How to get your own BUILD UP embedded page?

1. I propose to launch a **NEW Community**

**OR**

I trust an **EXISTING Community**

2. I feed the Community with my own (or other) articles on **www.buildup.eu**

3. I create a **BLANK PAGE** on my own website  
(*> 675 pixels width*)

4. I paste an **EMBED CODE** on my own website  
(*provided upon request only*)

## CONGRATULATIONS!

## So you want your own BUILD UP embedded page
